Menace of Russia, Argentine,
the Tropics and PeasantryINCREASING TENANCY GREATEST
DANGER TO AMERICAN FARMSDeclares Farmer Can't Compete
With Substitute Butter Fats

MILWAUKEE, Wis.—A four-fold menace confronts American agriculture at the present time, threatening the farmer with continued economic depression, K. L. Hatch of the University of Wisconsin College of Agriculture, declared before the Wisconsin Teachers' association, meeting here Thursday.

Prof. Hatch said that agriculture in this country is "up against it," because of what he described as the Russian menace, the Argentine menace, the tropical menace, and the menace of impending peasantry.

"The world needs Russia and Russia needs the rest of the world," the speaker declared. "The only relief in sight for stricken Europe is Russia, and hence it must be brought back. The return of Russia to world competition in food and fibre products is the first menace to the American farmer."

Argentine with its production of cattle, Professor Hatch said, is menacing American's market for its meat setting up a destructive competition which American farmers must meet.

"The menace of the tropics comes from the fact that the farmer cannot compete with his costly milk-producing dairy cattle against sun-made oil products from the southern countries, which are replacing butter fat as a food," the professor said.

He described the increasing tenancy on American farms as the greatest menace transcending all others.

"When one notes the increasing tenancy all over the United States, and the over-increasing disparity between city and country living conditions, we can but feel that we are soon to have a peasantized agriculture," Hatch said.

"The one salvation," he asserted, "lies in greater intelligence in improving agriculture."

SMITH COULEE FARM
GIRL ATTACKED BY
STRANGER IN BARNDaughter of Louis Kindhammer

Escapes into FarmhouseSEARCH FOR ASSAILANT IS
FUTILE; TRAILED TO BLUFFSGirl Sees Stranger Approaching
Her While She Was Milking

THE daughter of Louis Kindhammer, Smith's Coulee farmer, was attacked by a stranger in the Kindhammer barn early Thursday morning. The girl escaped from the man after he had struck her over the head with his fist. Her cries brought her father and two brothers to the barn and her assailant escaped into the bluffs near the farmstead.

Undersheriff Lund was notified of the attack about 6:30 a. m. Thursday and immediately went to the farm, but was unable to pick up the trail of the stranger who was seen headed for the bluffs. Railroad employees at River Junction and at West Salem were notified to be on the lookout for suspicious strangers riding on trains and were requested to pick up all such characters on the chance that the man who attacked Miss Kindhammer might be the one.

Miss Kindhammer and her two brothers left the house about six o'clock to do the chores, the brothers going to feed the cows and Miss Kindhammer to milk. A few minutes after she stepped into the barn she saw the figure of a man approaching her in the semi-darkness. She said she thought it was one of her brothers and asked him if he was going to help her with the milking. When the man got near enough and she saw he was not her brother the girl screamed and ran. As she was fleeing from the barn the man struck her on the head.

NO INAUGURAL FOR

Under Arrest in Mitchell, S. D.

Three boys, Carl Theep, Milton Grady and Wallace Clement, charged with taking and using two automobiles without the permission of the owners, were arraigned in county court late Wednesday. Judge Brimley paroled Theep, because of his previous good record, while Grady and Clement were sentenced to the state reformatory at Green Bay for a year.

Theep and Clement were charged with taking the Overland sedan owned by Mrs. E. O. Edwards, while it was parked near the Riviera theater, on Oct. 15. Clement and Grady also were charged with taking the Oakland car belonging to J. A. Thwing.

Clement's case was disposed of under the charges made in the Thwing case. John Main and Frank Faucher also were sought in connection with the theft of the Edwards car. Faucher also was concerned in the Thwing case.

Both Main and Faucher are under arrest at Mitchell, S. D., on charges of stealing a car from that city. Main and Faucher are said to have left La Crosse in a stolen car, which they abandoned near Wabasha. They headed west and between Wabasha and Mitchell stole and abandoned two more cars. In Mitchell they took a fourth car and were apprehended in Iowa and returned to Mitchell.

Guests at Big Dinner

THE present officers of the Wisconsin Buttermakers' association were retained as a result of the elections held Wednesday afternoon. H. B. Hoberg of Coon Valley was re-elected president, Albert Erickson, Amery, vice president, H. C. Larson, Madison, state secretary, F. M. Werner, Mount Horeb, treasurer, Albert Erickson and C. J. Dodge of Windward were returned to the board of directors.

J. Q. Emery, state dairy and food commissioner who was scheduled to address the afternoon meeting of the convention Wednesday was prevented from attending because of the serious illness of his wife.

Wednesday evening the convention was entertained at a six o'clock dinner by the members of the Chamber of Commerce of La Crosse. About 250 buttermakers and guests attended. W. F. Hartgen of La Crosse, acted as toastmaster. Harry Williams, vice president of the local chamber of commerce, took the occasion to explain briefly the plans for the proposed improvements at the Interstate fair grounds. The main address Wednesday evening was given by Prof. M. H. Jackson, principal of the Wood county training school, Wisconsin Rapids.

The closing session of what was termed by the secretary, H. C. Larson, one of the most successful and best attended conventions ever held, was held Thursday morning. A lecture by Prof. E. H. Farrington of the dairy department of the University of Wisconsin on a new fat test for butter, proved very interesting and instructive to the buttermakers. The convention adjourned at 10:30, most of the visitors planning on returning to their homes on noon trains.

Urgent invitations for the next convention of the buttermakers were received from Madison, Stevens Point, Chippewa Falls and Wisconsin Rapids. These invitations will be acted upon at a meeting of the board of directors to be held soon.

COMMUNITY COUNCIL
HOLDS SALE TO AID
DESERVING STUDENTS

Piles of homemade cakes, bread and pies, and other piles of useful clothing and household articles, filled the Security bank building when one of the Community Council's rummage sales opened Thursday. The sale will continue for two days.

Special stress is laid on the food department of the sale, the council having been active in assembling donations from the best knap cooks in its membership, so that special delicacies and delicacies are offered. They are still collecting, too, and it was announced Thursday morning that they would be glad to receive gifts of food or "rummage" even after the sale is under way.

The proceeds of this sale are to be devoted to support of scholarships which the Community council gives to high school students who would otherwise be forced to drop their education.

FERRIS TO FIGHT
FOR UNSEATING OF
SENATOR NEWBERRY

BIG RAPIDS, Mich.—Senator-elect Woodbridge N. Ferris democrat, announced Thursday his intention to work in the United States senate for the unseating of Senator Truman H. Newberry of Michigan.

"It would be premature to state my plans at this time and details are not yet completed, but my first official act upon taking office will be to begin steps for a rehearing of Mr. Newberry's case," Mr. Ferris said. "I feel it my duty to the people of Michigan to straighten out this matter."

The senator-elect used the Newberry case as one of his campaign issues assailing Senator Townsend, because he supported Senator Newberry in the senate.

DANE FARMER FOUND DEAD

RETURNS AT NOON
SHOW REPUBLICANS
HAVE 224 VOTESFinal Figures Will Not be Com-
plete Till Friday; Three Con-
tests Still in DoubtMANY CONTESTS SO CLOSE THAT
A RE-COUNT MAY BE ASKEDOfficial Canvass to Determine
Results in Several Districts

NEW YORK.—By The Associated Press.—Whether the republicans will have six or seven votes over the necessary majority of 215 for control of the house of representatives, will not be known until Friday. One district, the Third Kansas, is delayed. With this district missing, the republican strength is 224; democratic, 207; socialist, 1; farmer-labor, 1, and independent, 1.

NEW YORK.—By The Associated Press.—Continued republican control of congress, but with a senate majority of 60 in two and a house majority of 160 slashed to a scant handful, appeared Thursday as the net result of last Tuesday's congressional elections with returns almost complete. Tight races in the few decided districts, not affecting the general result, and delays in counting, however, threatened to postpone the final figures until Friday.

The general picture of Tuesday's storm of ballots was virtually finished early Thursday morning when belated Montana returns sent the republican over the top in the house contest. Election of H. Scott Leavitt, republican, in Montana gave the republicans the 218 votes necessary to control the next house, but even these republican findings were coupled with news of defeat of Representative McCormick, republican, Montana, by his democratic opponent, John M. Evans.

Party Has Small Lead

Returns from all but three congressional districts where results were still undetermined at noon show 224 republicans; 205 democrats; one socialist; one independent and one farm-labor candidate elected to the new house of representatives. In the returns to date 70 places now held by republicans had been captured without a single counter-balancing democratic vote.

Related returns did not add to the fifty percent cut in the senate republican majority sustained in the earlier tallies. They brought word, however, of the reelection of Senator Kipp, democrat, of Utah, over Ernst Bamberger, republican; of Senator Jones, democrat, of New Mexico, and of another democratic victory in Montana where Burton E. Wheeler was elected over Carl W. Riddick, republican, to succeed Senator Myers, democrat. Only two senatorial contests remained greatly in doubt, those in Washington, where former Representative Dill, democrat, was leading Senator Poinsett, republican, and in North Dakota, where the democrat, J. E. T. O'Connor, was, with a waiving majority as more rural returns came in, leading former Governor L. J. Frazier, republican. Nonpartisan league leaders were claiming Frazier's ultimate election.

Gopher Veteran Defeated

Late return also brought news of the defeat of another republican veteran of the house, Representative Halvor Stenerson of Minnesota, chairman of the postoffice committee, by a farmer-laborer, Knud Wafeld. This gave the farmer-labor party representation in both branches of congress for the first time. Dr. Henrik Shipstead, farmer-laborer, having defeated Senator Kellogg in Minnesota.

In the few remaining contests the fight was so close that talk of contests, recounts and official counts was rife. Most notable perhaps, was a statement from Col. William A. Claxton that he would demand a recount in his race against Senator Lodge of Massachusetts, republican, despite the latter's increased lead, through correction of a tally error from 1,945 to 8,425.

Senator Dupont of Delaware, republican, defeated on the face of returns by Thomas P. Bayard, democrat, refused to concede defeat and his managers said an official recount would be sought. Senator Poinsett in Washington also was asking a recount, while the house race in the remaining Kansas district, the Third, was so hot that it was said an official count might be necessary to tip the scales decisively.

DEER SEASON OPENS NOVEMBER 13; TIP ON LAW GIVEN HUNTERS

Game Warden Gautsch Outlines
the Wisconsin Law on Shoot-
ing of Venison

SEE HORNS BEFORE SHOOTING
IS WORD TO THE NIMRODS

Dogs Barred in Deer Country
from Nov. 10 to Dec. 10

Two hundred deer tags have been issued by La Crosse county hunters taking out hunting licenses this year, according to County Clerk Staats. The deer season opens November 13 and closes November 22, both days included. Instructions to deer hunters have been issued by E. W. Gautsch, conservation game warden, in the following statement:

"Only one buck deer, not less than one year old, may be killed by any one hunter and may be transported between November 14 and 11 p. m., November 25.

"Deer or venison can not be shipped but must be accompanied by the hunter on the same train, etc., with deer tag or seal attached, with number corresponding to his license.

"Deer tags or seals must be attached to the deer as soon as it is killed by the hunter.

"See Horns Before Shooting!" "Some hunters ask: 'How do I know that the buck is one year old?' There is no deer of one year old in the month of November. The deer a hunter is allowed to shoot is a spike buck, about 18 months old, so no hunter can make a mistake. A fawn is only about six months old and has no visible horns. If you do not pull the trigger until you see the horns you will not violate the law or kill a man. 'Safety first!'

"No person shall have in his possession any firearms in a territory where there is an open season for deer, five days prior to the open season for deer hunting, unless the gun or rifle is unloaded and knocked down or inside a case.

"No gun or rifle can be carried in any vehicle or automobile unless unloaded and knocked down or incased. Automobiles or other vehicles used in violation of the laws will be confiscated.

"Dogs are not allowed in the woods or camps from November 10 to December 10 in counties where there is an open season for deer, nor can they be used for hunting any kind of wild animals during that period where it is allowed to hunt deer.

"No deer, venison or other game, except rabbits and black bear can be bought or sold.

"Fews are protected at any time in all of the southern counties of the state and also in the counties of Clark, Wood, Shawano and in Oconto county south of the north line of township 30."

LIVING COSTS JUMP

WASHINGTON, D. C.—The retail cost of food increased between September 15 and October 15 in all of twenty-six representative cities from which statistics were compiled, the department of labor announced Thursday.

The increases ranged from less than one-half of one per cent in Chicago and Milwaukee to four per cent in Philadelphia.

INAUGURATION WILL SEE ALL OF STATE OFFICES IN HANDS OF LA FOLLETTE CANDIDATES

MADISON, Wis.—By The Associated Press.—The government of Wisconsin will be turned over to the La Follette progressive republicans on January 3, 1923, for a two year trusteeship, granted November 7 by an overwhelming majority of the voters of the state.

This trust was extended to the political forces led by Gov. J. J. Blaine, on a pledge from them that marked changes would be made in the state tax laws, that strict economy would be practiced in governmental affairs and that some action would be taken to relieve farmers from their present financial burdens.

The inauguration on January 3 will bring La Follette candidates into every state office, while one week later a legislature, both houses of which are claimed by the administration to be favorable to it, will meet to enact into law the recommendations of the governor.

It is not thought that a formal inauguration ceremony will mark the passing of the old order and the assumption of power by the La Follette republican faction in three of the state offices. The precedent established by Governor E. L. Phillips, who abandoned formal inauguration exercises after his first term, is expected to be followed by Governor Blaine.

The incoming executive will commence his second term with an endorsement of the people such as few other governors ever received. During

his next two years he will gain control of practically all administrative positions through exercise of his appointive power.

Lieutenant Governor Comings, re-elected for a second term will again preside over the senate whose close division between administration and anti-administration factions is likely to make his position one of unusual importance.

Fred R. Zimmerman, the new secretary of state for Wisconsin will replace Elmer S. Hall, another La Follette supporter, who was not a candidate for re-election. Mr. Zimmerman is coming to the state capitol for the first time, one of the members of the victorious progressive republican ticket.

Henry Johnson, after five consecutive terms as state treasurer, will retire to his farm on the first Wednesday in January to make way for Solomon Levitan, the new treasurer. Mr. Levitan was elected to office on his third try for the state treasurership on the La Follette Progressive republican ticket.

Herman L. Ekern, former insurance commissioner and La Follette favorite, stepped into the attorney general's office to succeed Arthur General William J. Morgan, who will retire from public life to take up the practice of law in Milwaukee. Mr. Ekern is entering an office which has served in past years as a stepping stone to higher political positions.

These officers heading large state departments will be supplemented by a number of commissioners appointed early in the year by Governor Blaine. Appointments will give the La Follette forces control of practically every important administrative department.

Despite the failure of the administration to elect a state senate with a majority politically allied with it, Governor Blaine is of the opinion that he will have control of the upper house of the legislature as well as of the assembly. He expects that one or two senators previously allied with the anti-administration element will turn their political complexion during the coming session.

Apparently two socialists have been elected in Milwaukee county, giving this party a representation of three in the upper house. On most important measures these senators will stand with the governor's forces, judging by their action in past legislatures. They may hold the balance of power in the legislature.

The defeat of Senator Denhardt in the nineteenth district by Merritt White, anti-La Follette man, gives the wets hope for control of both houses of the legislature. In this event important changes are expected in the state prohibition enforcement law.

The governor is confident of his control of the senate as well as the assembly, and expects that enough administration men have been elected to assure them a majority when organization of the upper house is undertaken on the night of January 9. Indications are, however, that this control will be dependent upon a change in the political affiliations of one or more senators.

Life Insurance In Trust

WITH many men it is a problem to decide how to safeguard the insurance they will leave against mismanagement and loss.

One way of accomplishing this is to make your life insurance payable to a trust company, as trustee, to be distributed according to your instructions.

You can make provision for your wife, your children, your parents, separately, according to their needs.

You can provide for a readjustment of the payments in the event of the death of one of the beneficiaries.

You can provide for extra payments to your beneficiaries in the event of their illness or in other contingencies.

You can easily create such an insurance trust with policies now in force or those which you may take out later. By naming us your trustee you can surround the fund with every safeguard and at the same time carry out many special provisions.

You are under no obligation if you have a talk with us about your special requirements. An appointment at your convenience will be welcomed.

Your Winter Trip

to California will be surprisingly more enjoyable and far more satisfactory if your hotel or bungalow accommodations are arranged for well in advance and proper consideration is given to the selection of your route to take you there. Naturally, you want to see the most of the best scenery in America en route. The logical route is the Burlington (in connection with the Denver & Rio Grande Western and Western Pacific), because it takes you right through Denver, the Pike's Peak region, Royal Gorge, scenic Colorado, Salt Lake City and the Grand Canyon of the Feather River in the beautiful Sierra Nevada range. Then, if you return by way of the great Pacific Northwest (Yellowstone or Glacier Park line), Minneapolis-St. Paul and the Burlington's Mississippi River Scenic Line, you put a ring around the Golden West—the most wonderful trip in America. Rail rates are the same via all Western lines. Therefore, you have something to gain and nothing to lose by investigating before completing your plans. Let me tell you more about the Burlington's more-travel-comfort-at-the-same-cost service.

GOVERNOR JOHN J. BLAINE has announced a program which he proposes to make the basis of his policy of extending clemency to soldiers now in penal institutions wherever it shall appear that anything encountered in their war service contributed to their present predicament. He has decided to put his treatment of the soldiers upon scientific grounds, and to that end has called upon Dr. Lorenz and other specialists to assist in the necessary mental examinations. Dr. Lorenz has consented, and his participation will give character to the work that is to be undertaken.

The plan of Governor Blaine is a commendable one, and should result in substantial justice so far as ex-soldiers, who have come foul of the law are concerned. The scientific test is the proper basis, and relieves the governor of his assumed task of sitting as a court of review as to the facts adduced in testimony in cases relating to service men. Juries serve well as judges of the facts. On the other hand, a jury of laymen knows nothing of mental diseases, and it is improbable that competent expert testimony was present to advise the jury of the mental status of the accused in most of these instances. Certainly no one wants a soldier whose service to his country has affected his mental stability, to suffer further because of the consequences of his derangement.

But Governor Blaine has here approached a subject broader than the scope of the service men's cases. It is one that has escaped not only his attention, but the attention of his predecessors in the office of governor. What he proposes for the ex-soldier is a service, which the state should render to all who become prisoners. True, mental derangement is more common among those who have suffered the shocks of war than among those who have not. Still it is a fact that mental derangement, often induced by curable physical conditions, is the cause of a great deal of crime.

The remedy lies in the same direction in which Governor Blaine has proceeded in the matter of soldier convicts. The trouble is in the qualifications of the personnel of boards who govern penal institutions. At present these boards are largely administrative. They are conducted in a business sense, with an eye to economy and efficiency. Business men on the boards are essential, but they are qualified to deal only with certain phases of the work. With them there should be medical specialists and sociologists, men and women schooled in the science of diagnosing and curing mental ills, and trained in modern methods of restoring those who have strayed, to the condition of good citizenship.

Perhaps that some new housing and equipment might be required to put our penal and corrective institutions upon an up-to-date scientific basis may have deterred tax-fearing officials from taking this step. More probably it has occurred to few, if to any of them. Being governor is a busy job. There is no end of problems to be solved. However, it is probable that among these problems none is more important than that to which we refer. In his solicitude for unfortunate soldiers Governor Blaine has come upon the proper procedure. Perhaps, out of this interesting experience, he may develop a sense of similar responsibility for all those who have found their way behind the bars.

Bill

SIR J. RENNELL RODD, in his memoirs, gives this picture of ex-Kaiser Bill as a youth. "He displayed a somewhat boisterous geniality. It might gratify a certain mentality to be smitten from behind with a tennis racket by a future emperor. But, on the other hand, such gratification was qualified by the fact that the blow could not be returned." That was one of the chief things wrong with Bill, all through his career—"the blow could not be returned." The return blows, however, gradually piled up into a knockout.

Strenuous

SOUTH AFRICA cables that the Transvaal has just had the biggest diamond rush in its history, a new field having been opened up at Kaaplaats. At the crack of a pistol, off rushed 3000 claim-seekers, lined in a row over a mile long. Included in the rush were hundreds of women who, making their own living, were anxious to dig for diamonds. It is something new under the sun. In previous "rushes," women were present—but as wash-ladies, keepers of eating houses and dance hall girls, not as miners. What will they try next?

Golf

A NEW grass, which gives golf balls a better bounce, is developed from "creeping bent" grass. The development is the work of Uncle Sam's Bureau of Plant Industry. This interests at least 10,000 times as many as care to hear about the discovery of a new star. Don't "pan" the human brain. We can't use stars. But we can use golf grass. People are interested in the things that affect them personally. That's why women read the ads first, unless a newspaper headline catches their eye.

Fear

ALFRED DURIEU, Frenchman, 31, feared he had cancer of the stomach. The fear became an obsession. To cure himself, he began rigid dieting. Now he is dead. The autopsy reveals that he had no cancer, and that death was due to starvation. Getting back of that, death was due to fear—to imagination. Fear, a mental illness, is one of the deadliest of diseases.

Getting Rid of Old Stackpole

By L. LOUIS RAYBOLD

"The trouble is, mother," said William slowly, "that you have too much dead wood. It's had enough your running this darn boarding-house when you could just as well come and live with me in the city. But you don't make any profit—carrying along rooms that don't pay for their rooms and feeding people that don't fork over their board, like that old Stackpole, for instance."

"Well, maybe," agreed his mother mildly. "I'm sort of an easy mark, but when you come to know people, how hard up they are and what misfortunes, well, that's so easy to turn 'em out."

"I know, mother," went on William patiently. "Only, well, hang it, mother, that old Stackpole gets my goat. He's done a stroke of work for years and had he ever paid you a cent, mother?"

"Why, yes, for years he did," exclaimed Mrs. Greeley triumphantly. "Up until lately, he's been real plump."

"You must get rid of him somehow before I come down again," William urged this ultimatum with determination. "If he's still boarding here when I come again, I'll insist on your closing up and coming with me."

William spoke sharply, partly through irritated affection for his mother, partly because of his own private troubles. This run-down boarding house had long been a source of provocation and had played a very important factor in his love affair with Miss Kitty Bonelle, pretty cashier in the big hardware store for which William was purchasing agent, delaying his declaration of love.

How could he ever take the graceful Kitty down to that environment of shabby has-bens and never-would-be's? What a contrast the girl would be to his mother, unnecessarily dowdy and plainly attired!

The annoyance to William was that such a condition was needed. His salary, coupled with the small income left his mother by his father, was sufficient to maintain the two of them in simple but wholesome comfort, and even admit contemplation of a third in the ménage—it Kitty could be brought of course, such a thing.

Kitty, on the whole, had been rather discouraging; occasionally went out to dance or to the movies with William but never threw out any of those informal "Drop round some night and we'll make fudge in the kitchen" invitations which young men welcome as signs of a desire to exhibit domesticity.

This time, on William's return from the country, he resolved to play the man and propose to Kitty. If she accepted him, there would be somewhat of a delay, presumably, before the wedding and he would be on the way back from the wedding trip would be necessary to run down to Exchange and Mrs. Sorely's Homely Boarding House. By then, at any rate, old Stackpole, the sharpest thorn in his side, would have ceased to board there.

William lingered some time in the vicinity of Kitty's cage before collecting sufficient courage to speak what was in his mind.

At last, "Kitty," he said desperately, "give just got to see you alone somewhere, where we can talk comfortably by ourselves."

Now was Kitty's moment to say, "How about running up to the house?" Instead, she hesitated and fingered her bill file. "Well, where can we?" she asked at last.

"I don't know—how about my calling tonight?"

There was a moment's silence. "All right," said Kitty at last. "You know my address?" All right—around right.

MOEN PHOTO SERVICE
123 SOUTH THIRD STREET.

Curiously, William, prompt to the second, rang Kitty's bell. It was a very shabby little house, not at all the sort of setting one would have chosen for a girl of Kitty's pretty pliancy. From within, as Kitty opened the door without a word issued a hubbub of sounds—noisy laughter, scraping of chairs, photographing. "Mother's roomers," said Kitty. "Now you see how much chance we'd have of any privacy. They're a noisy lot, mostly actors from third rate theaters, half the time out of a job. Ma loves it—the racket, I mean, and theater talk. She—who acted, once, herself, you know. But I got so sick of the noise, William, and I couldn't bear to have you come and put up with it. The cluttered, crowded parlor, the smelly dining room—that's why I love the store so. It's big and clean."

"Dear little girl," said William tenderly. "Get your hat and coat, and we'll go to the park. That's big and clean, too—and so is our love going to be."

A few short weeks and William and Kitty were married, slipping away after hours of dining out in quiet little parlors where the solemn ceremony was performed which united them "for life," as William whispered.

A brief honeymoon and then William took his bride home to meet his mother. After the first greetings were over William managed an aside to Mrs. Greeley.

"Well, mother, I hope you haven't old Stackpole around as a boarder any more."

"No," said his mother nervously. "I haven't."

"How'd you manage to get rid of him?" he asked curiously.

"I—I told you later," and his mother vanished indoors, ostensibly to be about the mixing up of biscuits.

But that night as William smoked on the porch waiting the call to supper a familiar old figure came up the steps and sank into an old Morris chair as one who belonged there.

"Fine night—bit warm," he said amiably.

Old Stackpole! Rising, William sought his mother. "Thought you'd got rid of him!" he told her indignantly.

"I did," said his mother, "as a boarder. You see, I—I married him. And you wouldn't expect your own father to pay board, now, would you, dearie?"

Are you proud of your teeth?

—the right dentifrice will quickly make them gleam white and bright

Listerine Tooth Paste, made by the Lambert Pharmaceutical Company, makers of Listerine, contains just the right cleansing agent. It is hard enough to remove daily formation of tartar, yet not hard enough to scratch or injure the enamel. You take no chances with it.

Avoid dentifrices that attack the enamel

Guard the precious enamel of your teeth. Don't scratch it with a paste containing harsh abrasives. This enamel can never be replaced.

Also avoid soaps and other alkalis

Dental authorities now agree that the ideal dentifrice should contain no soaps or other alkaline ingredients. These work against Nature; they lessen the natural saliva flow and hasten tooth decay. Mild fruit acids, on the other hand, such as Listerine Tooth-Paste, contains, aid Nature in preserving the teeth.

Clean your teeth thoroughly and pleasantly

Notice how delightfully fresh and clean your mouth feels after you use Listerine Tooth Paste. It's natural that it should feel so. Listerine Tooth Paste is made to work that way—to clean your teeth thoroughly and pleasantly, and help you keep your teeth and gums in their natural healthy condition.

Listerine Tooth Paste works naturally

Notice how your mouth waters when you use it. That is because the fruit acid elements in Listerine Tooth Paste—grape, orange, apple and grapefruit—stimulate the flow of saliva. Saliva is good for the teeth and gums. That's one of the purposes for which saliva is provided. Again notice the clean feeling. Your teeth will feel clean after you use Listerine Tooth Paste thoroughly, because they are clean.

Listerine Tooth Paste is safe and efficient

—because it contains the correct polishing agent; removes tartar safely; can't injure the enamel; —because it contains mild fruit acids (instead of harmful soaps and alkalis) to stimulate the saliva that Nature intended to keep your teeth healthy; —because it contains the healing antiseptic essential oils contained in Listerine.

CHATFIELD FARMER BLOWS OFF HEAD; SETS CLOTHES AFIRE

Reuben H. Gray is Found Dead
in Field by Ills
Wife

With the top of his head blown away and his clothing and body afire, Reuben H. Gray, 48 year old farmer living three miles west of Chatfield, was found dead in a field on his farm Tuesday afternoon.

The result of the investigation by Dr. Claude Woodruff and C. V. Hoffman of Chatfield, who were called to the scene, was pinned to the Illinois county coroner at Preston, who pronounced it death by suicide. No inquest was necessary, he said. "The investigation revealed a clear case of suicide."

Gunshot wounds in the head caused almost instant death, Dr. Woodruff said. When found by his wife, Gray's body was badly charred and his clothing was almost all burned away.

Borrowed Shotgun
Gray owned a rifle, but early Tuesday went to his neighbor's place, Ernest Carson, and borrowed a shotgun for use in hunting. When he got home he tried out a number of shots with his son, Fletcher, who is a high school student at Chatfield, and remarked that the shots scattered considerably. Later in the morning he told his wife that he was going hunting and a half hour later she heard a shot.

When the dog came to the house and whiningly ran down into the cellar, Mrs. Gray became suspicious and went out to search for her husband. She found him about a half mile from the house near a barbed wire fence with the entire top of his head and forehead blown away and his clothing and body afire. She tried to extinguish the flame, but could not, and went for help. She called the neighbors and Dr. Woodruff of Chatfield.

Had Been in Poor Health
Investigation by Dr. Woodruff revealed that Gray had dug a hole in the ground and set the butt of the gun in the hole and leaned the gun against the fencepost. With his head against the muzzle of the gun, he pushed the trigger with a forked stick that he had cut from a tree, it is believed. His clothing, it is believed, caught fire from the shot.

Gray has been in poor health for some time and two years ago suffered a bad attack of influenza, from which he never fully recovered. The worry over his condition is believed to have prompted the act.

Surviving, besides his wife and son, is a daughter Aileen, 18, a school teacher.

SAYS STRIKE OF SEAMEN WILL BE PUSHED IN SPRING

CHICAGO, Ill.—The seamen's strike on the Great Lakes which began October 1, will be carried on with renewed vigor next spring, according to an announcement by K. B. Nolan, secretary of the Seamen's union. The strike is for an eight-hour day.

According to Mr. Nolan the sailors are awaiting an opinion by Attorney General Daugherty on enforcement of the seamen's act prohibiting vessels from leaving port without crews of 65 per cent able seamen. The union charges that vessel owners are violating the law.

DR. HOLMES AND ANTON GUILLAUME AUTOS COLLIDE

The automobiles of Dr. B. F. Holmes, 225 South Ninth street, and Anton Guillaume, 929 Market street, collided at Fifth and King streets Tuesday morning about 11 o'clock.

Dr. Holmes was severely bruised and cut by broken glass from his windshield, while Guillaume and occupants of his machine escaped injury.

Dr. Holmes was going east on King and Guillaume was traveling north on Fifth. The physicians' car was completely overturned, the windshield and right rear wheel broken. A front fender of the Guillaume car was bent.

SEE DEFEAT FOR NEWBERRYISM IN MICHIGAN VOTE

Democratic Success Gaining
Headway as Belated Returns are Received

DETROIT, Mich.—The democratic successes in Michigan in Tuesday's election appeared even more pronounced Thursday when belated returns showed that in addition to electing a senator, a member of the house of representatives and five members of the legislature, the party had gained ground in numerous counties of the state. In several instances the majority of the county offices went to democrats for the first time in history.

The big fight, however, was centered in the senatorial contest and the victory by fifteen thousand votes of Woodbridge N. Ferris, former governor, over Senator Charles E. Townsend, was looked upon by democratic leaders as the outstanding result.

Throughout the campaign Mr. Ferris brought the Newberry matter to the fore, declaring it was the "big issue in Michigan," and that by his election Michigan voters could "purge themselves of Newberryism."

Whether the senator-elect planned to raise the issue in Washington was not definitely known. He had been quoted as saying that if elected he

might reopen the Newberry case in the senate.

In a statement shortly after his election was assured, Mr. Ferris said the voters had "redeemed Michigan senatorially," adding: "The defeat of Newberryism is a victory looking to clearer elections. Its influence will be wholesome for other states."

Mr. Ferris, who is sixty-nine years old, served two terms as governor of Michigan. As head of the state government he gained the title "The good gray governor." His administration was marked by intervention in the widespread labor difficulties in the upper peninsula mines. The governor's appeal to the operators for a fifty-fifty deal with the workers settled the strike and won the executive many labor supporters.

In private life Mr. Ferris is the head of the Ferris institute at Big Rapids. He has been active in educational

Read This If You Boil Your Clothes

By HARRIET MADISON

I presume every woman would like to get rid of the steamy, messy work of boiling her clothes, and as I have been fortunate in doing so, I am quite glad to tell about my simple method.

After all, the reason you boil your clothes is to get out the "gray dirt" or the ordinary laundry soap does not wash out.

Please don't think that I am recommending the use of caustic soda, or any other caustic material, because I won't risk my materials to any chemical strong enough to bleach them. My way is simply an application of method used by fabric manufacturers who wash their materials with olive oil soap.

Probably the only home laundry bar that contains olive oil is GREEN ARROW soap made by The Palmolive Co., whose splendid Palmolive toilet soap is known to every woman. I simply soak my clothes for 20 or 30 minutes in GREEN ARROW suds before washing them. That does away not only with boiling, but also with hard, destructive rubbing. The naphtha and olive oil in GREEN ARROW take out grease that ordinary laundry soap has little effect on.

Recently I was telling this to my mother. "Yes," she said, "many of my customers now wash with GREEN ARROW. I guess the water boiler will soon be as much of a curiosity as the spinning wheel."

DIVORCED HUSBAND CAUSES ARREST OF HIS FORMER WIFE

Shrake Has Warrant Served on Woman and Second Husband at Trempealeau

Whether Mrs. Maude Neudahl, formerly of Trempealeau, was within the law when she married William M. Neudahl, hostler at the Davenport hotel, East Third street, Winona, following her divorce from her first husband, Fred Shrake, will be decided in court, county court at Whitehall when charges of adultery preferred against the couple by Shrake will be heard by Judge L. E. Hensel.

Mrs. Neudahl, daughter of Mrs. E. R. Hobbs of Trempealeau, was divorced by Shrake at Whitehall. Shrake claims that the divorce was granted in June, Mrs. Neudahl says it was in April.

On Sept. 24, Mrs. Neudahl married her present husband in Winona. The ceremony was performed by Judge R. E. Leary.

When Mr. and Mrs. Neudahl went to Trempealeau for a visit with Mrs. Neudahl's mother, Shrake had a warrant charging adultery served upon them at midnight. He alleged that their marriage was illegal on the ground that it had occurred within a year after the bride's divorce from him.

Mr. and Mrs. Neudahl were arraigned before Judge William Allen in justice court at Trempealeau, released on \$200 cash bail, with instructions to appear at a later date in county court at Whitehall.

Mrs. Neudahl told a newspaperman that she consulted an attorney before her marriage to Neudahl and was informed that it would be legal. She characterized the action of her former husband as "spite work."

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family remedy easily and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results, it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It not only soothes the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Satisfies for bronchitis, croup, hoarseness and laryngeal asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

DRINK WATER IF KIDNEYS HURT

Take a tablespoonful of Salts if Back pains or Bladder bothers.

Too much meat may produce acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

"The kidneys do their utmost to free the blood from this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system."

When your kidneys ache and feel like lumps of lead, and you have aching pains in the back, or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast, each morning, and in a few days your kidneys may be free.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to help neutralize the acids in urine so it is no longer a source of irritation, thus often ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delicious, refreshing lithia water drink, and nobody can make a mistake by taking a little occasionally to help to keep the kidneys clean and active. Drink plenty of water at all times.

HIGH SCHOOL TO PARADE FRIDAY NIGHT FOR GAME

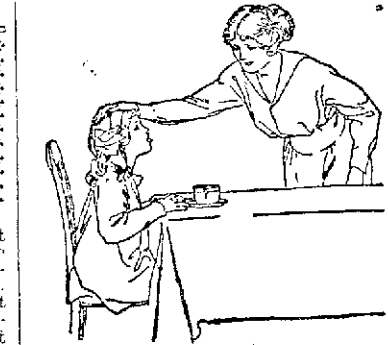

Biggest Turnout Ever Seen Here Expected Preliminary to Lane Tech Game

The biggest parade in the history of the La Crosse High School is scheduled for Friday night, in honor of the football game between the Red and Black and Lane Technical high school of Chicago, the greatest football classic ever held in La Crosse.

Saturday morning will find the entire high school student body marching in the Armistice day parade in honor of those brave men who gave their lives so willingly in the late world war. The morning exercises are to be conducted by the American Legion. No selling shall be done by the High students in the morning parade, which shall be a solemn affair with no connection to the afternoon football game. Immediately following the Armistice parade, all the students are urged to attend the program to be given at the La Crosse Theater.

The spirit of Armistice day shall in the afternoon change to the spirit of enthusiasm towards the important football game between La Crosse High and Chicago. The American Legion is giving its support to help the success of this game. A patriotic exhibition is to be given by the high school students at the 2:30 o'clock game. The game is to be held downtown Friday afternoon.

MOTHER! Move Child's Bowels with "California Fig Syrup"

Hurry mother! Even a sick child loves the "fruit" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful to open the bowels. It prevents a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

ASPIRIN

Say "Bayer" and Insist!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-three years and proved safe by millions for

Colds
Toothache
Earsache
Neuralgia
Headache
Lumbago
Rheumatism
Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monacaceticacid-destor of Salicylicacid.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

Beauty Talks

By Louise Huff

Los Angeles, Cal.—That dainty and charming actress, Louise Huff, noted for her wonderful complexion, is also a writer of many articles on the subject of beauty. She tells the readers of this paper how they may quickly acquire a smooth, soft, rosy-white complexion. Here is her method: First, get the skin must be thoroughly cleansed daily with a good cleanser, such as the famous "Lose" cream. I prefer Laska cold cream. Then apply its support on her face. You can secure at the toilet counter of any up-to-date drug or department store. It is a complexion instantly beautifies the complexion and does nothing else.

Over one million are now using it, with preference to face powders and other beautifiers, and there are all kinds of enthusiastic over it.

Tourists from "the States" spend in Montreal between \$30,000 and \$40,000 a day, or approximately \$6,000,000 for the six months from May to October. For the province, the sum would be about \$15,000,000, as Quebec and other points attract large crowds. In the principal hotels of Montreal it is estimated 75 per cent of the guests are from the United States.

MAROONS DEPART FOR OHIO STATE BATTLE THURSDAY

Coach Spends Over a Week Breaking Up Buckeye Passes

MIDWAY PUZZLED AS TO WHO WILL WORK ON ENDS

To Have Final Workout at Columbus on Friday

CHICAGO, Ill. — After spending more than a week in breaking up Ohio State plays, particularly the passes, as they have been tried by the Chicago freshman team, Coach Stagg's Maroon warriors will depart Thursday night for Columbus, where they will have their final drill before their third Big Ten tilt Saturday. After practice ended Wednesday night the big problem as to who will work on the ends, continued to puzzle midway gridders. It is regarded as impossible that Campbell Dickson will be able to get back into the game Saturday. This leaves only Lampe and Strohmier as ends of known ability. Lewis is believed to be a possibility as end, but recent injuries may make it necessary for him to play his regular position as guard. If this is the case, Strohmier may have to occupy one wing, being thus taken from quarter back, where he is believed to be of most value.

HUPMOBILES WIN THREE MORE IN COMMERCIAL PINS

The Hupmobiles took the Moose, next-door cellar champs, down the line for three games in the Commercial league Wednesday night. The Hups yet have lost but a single game, having won 23.

A beautiful race is being staged among three teams for supremacy in the runners-up berth, with the Tribune, Gateway Grocery and Starline, and Fraser running neck and neck, excepting the latter who have lost one more than the other two. In order the above teams defeated the Ideal Wet Wash, Tri-State Ice Creams, who have yet to win a game, and the Wisconsin-Minnesota Light and Power company in three games.

The Matthews Manufacturing company invaded the Tug Hart stronghold for three games, while the Eagles flew away with two out of three from the Marinellos.

SPECTATORS TO WITNESS TWO DIFFERENT STYLES OF PLAY IN TECH GAME

Red and Black to Adhere to Western Style While Chicago Will Present an Eastern Type of Play Here Saturday

SPECTATORS will witness two different styles of football when La Crosse Tech meets Lane Tech. of Chicago on Armistice Day. La Crosse will adhere strictly to western football while Chicago will present an eastern type of play. This is because Dr. Fausel, coach of Lane Tech, is a strong advocate of the eastern style of playing, while Coach Keogan favors the western type.

Fausel Eastern Graduate

Dr. H. J. Fausel, head coach of Lane Tech., graduated from an eastern university where he learned all of his football. He coached four years in the east before coming to Chicago, and his coaching therefore caters directly to eastern football. It was he who originated and put into use, the famous Fausel shift which is one of the most peculiar of all formations. It is very complicated and requires skill to solve as well as skill to use to good advantage. Dr. Fausel's eleven uses it almost entirely. It is intensely popular in and about Chicago, but nevertheless, it is an eastern formation.

Keogan Western Style

On the other hand, Coach Keogan is a graduate of the University of Minnesota and most of his coaching has been done in the west, which makes his methods of coaching just the reverse of those employed by Dr. Fausel. While the Technical team will endeavor to baffle the Red and Black with their perfected shift formations, Keogan's men will play straight western football, using no shifts whatever.

In Dr. Fausel's eleven, the spectators will see a well-rounded team, drilled intensively in all fundamentals of the game.

During the past two weeks, the Red and Black have been working on forward passes almost exclusively in preparation for the tilt with Lane Tech.

Two Colored Men

Lane Tech. has always had a few colored boys, of no mean ability, on their squads. Perhaps the most notable among them is Pollard who attended the institution for four years and later played in the east with Brown. While here, Walter Camp placed him on his All-American eleven.

Blunt, later a star on the Northwestern team, and Phelger are others of whom Lane Tech. can boast. This year, two colored players are included in their lineup.

Goatskin is the favorite material for water bottles in the Orient.

Football Rooters in Unprecedented Numbers Storm Offices for Seats

LOOK FORWARD TO CROWD OF 1900 AT COMING TILT

To Burn Purdue in Effigy on Friday Night

CHICAGO, Ill. — With football rooters in unprecedented numbers bombarding the business office for tickets, and with the entire west stand sold out, athletic officials at Northwestern university are looking forward to a homecoming attendance of 19,000 at the Purdue game on Saturday. Not since Northwestern defeated the Bulldogs, 14 to 0, in Evanston two years ago have tickets been demanded in such numbers.

By directing his quarter backs, Flynn and Renbe, to open up on the freshmen with an exclusive line attack Coach Thistlethwaite yesterday indicated that forward passing would be practically abandoned in the Purple's homecoming game with Purdue Saturday. Smashes through the tackles, short end runs, and intricate cross bucks were used in scrimmage.

MOTHER IS NAMED TO CONGRESS FROM ILLINOIS DISTRICT

CHICAGO, Ill. — By The Associated Press. — The first mother has been elected to congress, returns from the election showed Wednesday. She is Mrs. Winifred Mason Huck, elected to fill the unexpired term of her late father, William E. Mason, congressman-at-large from Illinois.

Student support of the team in its last home game will come to its first climax Friday evening, when a huge dummy of Purdue will be burned in front of Patten gym. Plans call for a pile of fireworks twenty feet high upon which to destroy the enemy.

RICHARDS TO HAVE TWO FULL SQUADS FOR ILLINOIS GAME

Two First Elevens Drive Against the Seconds and Freshmen Wednesday Night

MADISON, Wis. — Coach Richards is going to have two full teams for use against Illinois on Saturday. This was evident at practice Wednesday night when two first elevens drove against the seconds and the freshmen.

Illinois plays worked against the Bedgors made little headway through a stifling line. The work of Tebell star end for Wisconsin, was outstanding as he smashed successive formations.

Following a long scrimmage the coaches sent the men through signal drill, using new and old plays. This was a polishing up practice that showed Wisconsin's machine to be in excellent running order.

COUNCIL BLUFFS, Iowa. — Eleven of the thirty-four railway clerks who pleaded guilty to larceny from the mails were sentenced to varying terms in state and federal prisons.

A Spanish limousine exhibited at Paris is larger than a five ton truck.

WHEAT AND BARNES USED

Wheat and Barnes have been used during the scrimmaging at end jobs lately, and it may be that Coach Stagg will put one of these men in at end with Lampe, using Capt. Lewis at guard and Strohmier at quarter.

The Maroons lined up Wednesday night for a practice scrimmage work against the freshmen. Strohmier and Pavea drove the punt under the defensive line of the freshmen during the practice. Strohmier called the signals. Zorn was at full, while Hupmobiles worked with Pavea at full. The remainder of the lineup was as follows:

King, center; Pavea, right guard; Gandy, right tackle; Lampe, right end; Miller, left guard; Fletcher, left tackle; White, left end.

Most of the points were run for good advance, though the darkness which set in over the practice lot before scrimmage ended caused some bad plays.

WORKS DEFENSE ON PASSES

Following the offensive punting practice, the Stagmen were put through a session in which the freshmen used old passes, continuing the arduous drill against this mode of attack which has been the chief element in the preparation for the Wisconsin game. The freshmen met with but little success in their efforts.

HOMEMAKERS' CLUB TO HAVE SALE AT HOLMEN SATURDAY

The Holmen Homemakers' club, assisted by the neighboring clubs, and individuals, will hold a miscellaneous sale in the town hall in Holmen, on Saturday afternoon and evening, Nov. 11, beginning at 2 o'clock. There will be five booths as follows: Candy, aprons and fancy women's used articles; farm produce and home goods. The proceeds will be used to equip a community health center in Holmen. The hall will be open Saturday forenoon to receive contributions. A generous patronage is solicited.

JEFFERSON HOTEL MANAGER TO ATTEND HOTEL EXPOSITION

Arthur G. Croe, manager of the Jefferson hotel, left Wednesday night for Chicago where he will attend the annual convention of the American Hoteliers' association. From Chicago, Mr. Croe will go to Detroit and then to New York city where he will visit the New York hotel exposition at the Hotel Pennsylvania. Returning to the hotel, he will come by way of Buffalo, Pittsburgh and Cleveland, inspecting hotels in those cities.

CLEVER COMEDIANS AND MUSICIANS IN VAUDEVILLE SHOW

Shubert Unit Number Three
Makes Big Hit at the La
Crosse Theater

The first Shubert vaudeville unit shown here this season was a top-notch. The second was not so good, although enjoyed by many patrons of the La Crosse theater. The third unit shown here last night, was another big success and is still furnishing inspiration for many a good laugh in this burgh.

Lively, musical and funny, with a good looking and well dressed chorus and a great variety of acts, the show Wednesday night was altogether satisfactory and earned the demonstration of approval on the part of the audience which marked the progress of the production.

There are several sprightly comedians in "Broadway Folies" including Joe Towle, De Haven and Nice, a team of eccentric dancers and acrobats and Mr. and Mrs. McBurnie, well known vaudeville artists. The latter carried the house by storm in their sleeping porch sketch. Joe Towle is in a class all by himself as a rapid-fire comedian and pianist.

And there was a real vocalist in the performance last night in the person of Margaret More, soprano. Possessed of a sweet and powerful soprano voice, she sang several numbers in a style which captivated the house.

All the features of the show were pronounced good and the audience went away saying nice things about the production.

SOMERS, Conn.—Eugene S. Pater was elected probate judge, an office held by his father and grandfather for seventy-one of the eighty-eight years of the court's existence.

CASINO TODAY

Mighty good entertainment comes to the Casino theatre today when Eugene O'Brien appears in a new comedy-drama "Chivalrous Charley."

In a word, "Chivalrous Charley" depicts the attempts of young Charley Reilly to live down a reputation for too much gallantry toward the ladies.

The action of the story moves with hair-raising rapidity, situation following situation, and growing in interest to the last foot of film. There are hectic fights, inspiring rescues, breathless escapes and a final cross-country motorcycle race between the hero and his bride and the police.

RIVIERA MONDAY AND TUESDAY

It seems a far cry from impersonating the avarice, or descendant of some racial deity, to participating in a Harvard boat race—but such is the transition required of Rodolph Valentino, star of "The Young Rajah," a Paramount picture which will be on view at the Riviera theatre next Monday. In vision scenes he is presented as Krishna and Arjuna, in the highly decorative and fanciful attire of those characters of ancient Hindu literature, while in the main story he is a popular young university man, an athlete and student. In reality he is a rajah who for certain reasons is left with farming people in America to be raised and educated.

STRAND TODAY

Whether or not you think "Love Is An Awful Thing" you will want to see the picture of that name which comes to the Strand theatre today. Needless to say this production is comedy. That admirable farceur,

Owen Moore, plays the leading role and in the business of driving dull care and the like away he is ably assisted by none other than Douglas Carter, the premier colored comedian of the screen.

The feminine portion of the cast included that Darling of the Follies, Kathryn Perry, who in private life is Mrs. Owen Moore.

The story of "Love Is An Awful Thing" concerns the efforts of a young man to let the dead past bury its dead. But the past, personified by an old sweetheart, refuses to do so.

RIVIERA TODAY

It is safe to say that no star of the cinema guards his productions more vigilantly against vulgarity and cheap sex themes than Harry Carey, whose latest and great western vehicle, "Good Men and True," is holding forth to record audiences at the Riviera theatre. Carey believes that the screen is primarily for entertainment.

"The public wants good, clean,

wholesome entertainment. And that is the only kind I ever give them," Mr. Carey said. "I cannot condemn too forcefully the producer who panders to the lower tastes of the unthinkable people who prefer sex stories to wholesome tales of clean romance and adventure."

MAN FREED FROM BADGER PEN FACES CHARGE OF MURDER

MADISON, Wis.—Sam Hill alias Deronish, colored, now serving a ninety day sentence for carrying a concealed weapon at the Milwaukee house of correction received a commutation of sentence by Governor Blaine late Wednesday—but he also received official papers which mean his extradition to Michigan to face the charge of murder. At the request of the governor of the sister state Governor Blaine granted immediate commutation of the sentence on which he has served 40 days so that he may be brought to trial before material witnesses to the murder leave the state.

Hill's commutation in order that he may be tried for murder in Michigan was opposed at the pardon hearing Wednesday by W. C. Zabel, district attorney for Milwaukee county.

DANCING AND MUSIC FEATURE OF RIVOLI VAUDEVILLE BILL

"Dance Oddities" a charming presentation of music and dancing will be the feature act at the Rivoli today, Friday and Saturday. This act offers a program of six different numbers: Adagio (Faust) a dance by Miss Olliene Terry and Georges Maniloff. Violin solo by Sam Lazzerov. Two dances by Olliene Terry. Piano solo by Miss Panetta Jackson. Song by Georges Maniloff and the last number a Russian dance by Georges Maniloff and Miss Terry. All of the above artists are graduates from the Chicago opera and concert stage and have toured the country in concert.

Great Sale of FROCKS

These dresses were made to sell from
\$35.00 to \$49.50

One of the worth-while savings opportunities of the
season. It is not recalled when such a collection of
superior fashions has been assembled at anything ap-
proaching these low pricings.

For these frocks are as notable in the way of style as
the pricings are unusual. So the values are remarkable.
And one may choose for practically every occasion of
winter from these varied styles.

The Materials	The Trimmings	The Styles
Canton	Colorful Embroideries	Coat Frocks
Crepe	Velvet	Draped Frocks
Chiffon	Ribbon Motifs	Panel Effects
Velvet	Unusual Beadings	Straight Line
Poirot	Contrasting Fabrics	Side Fastening
Twill		
Duetyne		

One of the most important features is the very superior
quality of these frocks. The beading and embroideries
are in patterns such as one sees on frocks much higher
priced. The colors are those rich shades, typically this
season's. In fact, we believe, this sale will establish a
precedent in value giving.

These Frocks are to be had in Women's and Misses' sizes
